The Semi-Weekly News

THE GREAT

COUNTRY PAPER

OF THE WEST.

is issued Mondays and Thursdays and contains all the cream of the Daily and Saturday Nevs.

LOCAL BRIEFS.

Eastern flour still continues to come this market at pretty steady rate, although it sells higher than the home brands.

The Salt Lake Produce exchange meets this afternoon, but it is not believed that any noticeable changes in the prices of flour and grain products will be made.

Local dealers predict that butter and other farm products will be cheaper the coming season than for many years previous, owing to the favorable win-The Green Light gambling house on

Commercial street was closed up for six hours yesterday, while the health authorities were fumigating the place, on account of the recent presence there of two smallpox patients.

One case of smallpox was reported to the board of health yesterday, that of a man named Herrington, aged 41 years, residing at the Globe rooming house. The patient was removed to the quarantine hospital.

Edward Munson, Henry Jones, Peter Van Houghten, B. S. Harris and Henry Hadley paid each \$2 yesterday after-noon, in the police court, for driving on the sidewalks on East Temple street between Tenth and Eleventh South

There will be a meeting of the resident graduates of the University of Michigan, Friday night, in J. H. Moyle's office over the Deseret National bank, to arrange for the reception of President Angel of the University of Michigan, who is to stop over in this city March 18 and 19, while en route for the coast, where he has lecture engage-

parks and public improvements last evening, but after an informal discussion, adjourned evening, when the board of public works and the city engineer are invited for a conference with the committee. The club committee on pure foods and sanitary conditions will meet to discuss the pure food situation next Wednesday

Articles of incorporation of the Chase Smokeless Furnace company, organized in this city, have been filed in the county clerk's office. Its capital stock is \$100,000, divided into shares of the par value of \$1 each. Simon Bamberger is president; E. S. Chase, vice presi-dent; R. C. Hawley, secretary and treasurer. The company will manu-facture the Chase incandescent smokeless furnace, invented by E. S. Chase.

FOR TEACHERS.

Civil Service Examination for Pedagogues in the Philippines.

There will be a civil service examination in this city March 29 for the position of teacher in the Philippine service. The age limit is 20 years or over, with preference to those under 40 years of age. Salaries range from \$900 to \$2,000 for teachers, and \$1,500 to \$2,50 for superin-

teachers, and \$1,500 to \$2,50 for superintendents.

Appointees will be required to pay their traveling expenses from their places of residence to Manita, but if it is found necessary for the Philippine government to bear any part of such traveling expenses 10 per cent of the monthly salary of the employee will be retained until the amount retained is equal to the amount borne by the government. At the expiration of two years' satisfactory service the actual and necessary traveling expenses borne by an employe in proceeding to Manita will be refunded to him. He will be allowed half salary from the date of embarkation and full salary from the date of embarkation and full salary from the date of his arrival in the islands, provided that he proceeds directly to the islands; otherwise, he will be allowed half salary for such time only as is ordinarily required to perform the journey by the route directed. The half salary allowed him from the date of embarkation until his arrival in the islands will not be paid until after two years of satisfactory service. Each employe will be required to sign an agreement to serve at least two years in the Philippines unless sooner released by the civil governor or proper head of department.

A person who has been employed continuously in the Philippine service for three years or more is, upon his request when retring from that service, furnished transportation from Manila to San Francisco, and is allowed half salary for their period which he may be granted as leave of absence

Proper Treatment of Pneumonia.

Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind, however, that pneunia always results from an attack of the grip, and by the proper treatment of these diseases a threatened attack of pneumonia may be warded off. There is no question whatever about this, as during the 30 years and more that Chamberlain's Cough Remedy has been used, we have yet to learn of a single case of a cold or attack of the grip having resulted in pneumonia when this remedy was used. It is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is also a druggist, says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practise for the past six years, I use it in cases of pneumonia and have always gotten the best results.' by all druggists.

CALIFORNIA FLOODS.

A Salt Laker Tells of Great Deluge Caused by Breaking of Levees.

B. F. Grant has returned from his two weeks' California trip. He found in the Sacramento valley much consternation owing to the breaking of the levees below the state capital, which flooded an

low the state capital, which flooded an immense area of country. Mr. Grant saw miles of fruit trees standing in vater reaching half way up their trunks, and over great tracts of water the lines of fencing were marked by brushwood that had caught on the barbed wire. The roar of the water rushing through the crevasse sounded like the roar of some great waterfall.

Central California has had 30 cinches of rain in six weeks, and they don't know but that more is coming. The people wish the southern part of the state had their surplussage. Mr. Grant found southern California pretty dry. There had been two linches of rain, but that is not enough for that part of the country. He was much impressed with the management of the Royal mine in Calaveras county, a gold proposition, where lie stamps were being worked, and the entire operation of reduction conducted by 10 men. The cost of the same including that of mining, is said to be 45 cents per ton. Mr. Grant thinks that is prolitable mining.

BLIZZARD IN WYOMING.

Snow Storm Accompanied by a Gale Of Wind is Raging Today.

(Special to the "News.") Cheyenne, Wyo., March 3 .- The first real blizzard of the winter spread over this section yesterday. Considerable snow is falling and the storm is accompanied by a gale. The weather is not cold and there are no fears of stock

RIVERS RUNNING HIGH.

Prof. Swendsen of the geological survey has sent Engineer Caleb Tanner to take measurements of the Sevier river and tributaries, and Engineer W. P. Hardesty to measure the Bear river and its tributaries. The Bear river is on something of a rampage, the flow of that stream at present being 1,400 sec-ond feet. The Provo river has also been and on Feb. 24 was running 500 second feet.

So Sweet and Pleasing in Taste! Mrs. C. Peterson, 625 Lake St., Tope

Kan., speaking of Ballard's Horehound Syrup, says: "It has never failed to give entire satisfaction, and of all cough remedies, it is my favorite and I must confess to my many friends that it will do, and has done, what is claimed for it—to speedily cure a cough r a cold; and it is so sweet and so cleasing in taste." 25c, 50c and \$1,00 bottle at Z. C. M. I. Drug Dept.

To feel tired after exertion is one thing; to feel tired before is another. Don't say the latter is laziness—it isn't; but it's a sign that the system lacks vitality, is running down, and needs the tonic effect of Hood's Sarsa.

It's a warning too-and sufferers should begin taking Hood's at once. Buy a bottle today.

UTAH ORATORS AT WORLD'S FAIR

College Students of State University Decide to Enter National Oratorical Contest.

CANDIDATES ARE TO TRY OUT

Every Member of the Utah Institution Will be Permitted to Enter The Initial Event.

The college students of the state university have decided to be represented in the coming national oratorical contest between state universities. At a meeting held yesterday, at which Prof. Maud May Babcock presided, this decision was arrived at, and the chairman appointed the following committee to wait upon President Kingsbury and ascertain what assistance may be expected from the university: Oscar Carlson, Thomas Reese and John Jen-

The immediate plum before the students will be a general contest to be held in the museum hall of the university. Every college student of the institution will be permitted to enter. The judges on this occasion will select seven of the contestants to meet in the Theater during May. At this meeting one will be chosen to represent Utah in a district contest, seven universities participating, and the district meeting will choose one of its orators for the final grand event between seven universities, to take place in the Hall of Con-

gress at St. Louis on June 22. The idea of an oratorical league or-iginated with President Guy Potter Benton of Miami (Ohio) university, and as the result of a conference of presidents, the world's fair made the oratorical contest part of the program. The intention is, however, to make the

contest an annual event.

The subject for the first annual contest to be held on the 22nd of June is as follows:

Symposium on the "Improvement of City Government in the United States.' 1-"Growth and Cosmopolitan Character of American Cities. 2-"The Power and Method of the City Boss.

3—"The Application of the Civil Ser-vice Merit System to Municipal Affairs. 4-"Independent Action in City Poll-

5-"The Adaptability of German Municipal Methods to American Cit. 6-"The Franchise System vs Public

Ownership. -"Have Democratic Principles Been Failure in Municipal Government?' Howard Rogers, chief of the department of education at the St. Louis fair, has already tendered the use of the Hall of Congress and promised to furnish a medal befitting the occasion. Each speaker will be assigned by lot one of the seven topics at 8 a. m., and at 2:30 p. m. on that same day the contest will be held. Speeches will be 12 minutes in length, and will be judged by a com-mittee of distinguished gentlemen, familiar with municipal affairs, who will base their decision on the effectiveness of each speaker and evidence of power to meet the requirements of oratory in real life.

CHURCH NOTICES.

THE TANKS THE PARTY OF THE PART

mountains and a second Attention, Ward Missionaries! Please take notice that the proposed division of the Salt Lake stake does no in any way release you from the labor to which you have been called in your respective wards, and you are earnest ly urged to diligently continue your ef to further the missionary entrusted to your care until honorably released by the same authority that Respectfully, called you.
